

ZunoTales

ZunoTales for Schools (K-8)

Transform Literacy with Syllabus-Aligned AI Storytelling

ZunoTales is a revolutionary digital library that turns your curriculum into a magical adventure. We use structured AI to generate illustrated and narrated storybooks based on specific learning objectives, student names, and local context.

Key Features:

- Syllabus Compatibility: Direct alignment with IB, CBSE, US Common Core, and UK National Curriculum.
- Screen-Time Constructive: Passive reading transformed into active, personalized learning.
- Educator Dashboard: Manage class rosters, assign "Magical Homework," and track literacy engagement through aggregate analytics.
- Walled-Garden Engine: Every word and image passes through zero-tolerance K-12 safety filters.
